A Handful of Thistles: Collected Papers

Lewis A. Coser

this option of essays via the most eminent sociologists of our time represents a range of his analytical and ethical or political writing over a life of work. The e-book is geared up thematically instead of chronologically, and is split into 4 parts: papers at the makes use of of sociology, on rules and ideologies, on sociological analysis, and a last part entitled professing sociology. whereas the gathering demonstrates maturation, the author's critical preoccupations have remained consistent over the years. A reflective auto-biographical adventure areas the author's selection of difficulties and the advance of his principles within the social and cultural context of A Handful of Thistles: Collected Papers his lifestyles and his work. He confesses to .having experienced, in his existence and his work, being a "stranger in the gate," and believes that this feeling of marginality has either educated and inspired his thinking. And he sees the social conflicts that shook the area in the course of his younger maturity as having inventive in addition to damaging consequences.
