The year is 2012. America's worldwide warfare on terror is at a fateful crossroads. The increase of Laskar-e-Muhammad, the main audacious and complex terrorist community the realm has ever seen, imperils America's nationwide survival. As President Middlefield and most sensible deputy Jim Constance rally the United States to confront the threat, all over the world feedback hampers their efforts, many detractors arguing for a coverage of appeasement. Dr. Jane Crandall Offman, excessive profile America 2012 professor and social commentator, joins Islam's highbrow elite in undermining the struggle on terror. Denounced within the courtroom of global opinion and outmaneuvered via Laskar-e-Muhammad on all fronts, the US unearths herself deserted and isolated. With Constance America 2012 as his in simple terms relied on adviser, President Middlefield desperately attempts to avoid a last act of terror that would bring about the unthinkable: the final word doom of the USA and her cave in as a civilization. A authentic epilogue is appended to the realization of the United States 2012 to illustrate the fictitious components of the radical have their foundation in fact. A riveting political narrative within the culture of The gruesome American, the United States 2012 is either a futuristic mystery and the cautionary story of our occasions written via professionals within the field.
