Sarasa and Shuri commute towards Kanto to assault the Blue King. Assumed to be runaway slaves, they're captured through the Blue King's Royal shield and compelled to compete within the notorious Suzuka homicide Race, during which slaves need to run for his or her lives and steer clear of being killed through males on horseback and chariots. In the event that they could make it throughout the Suzuka Ridge and go back to Nagoya, they could declare an unprecedented prize.

Synopsis: After operating jointly to avoid wasting Okinawa from invasion, accountability separates Sarasa and Shuri. Even though the revelation of her precise gender has no longer misplaced Sarasa her closest allies, a scary message from Tataru's envoys to the north has left her in shock. My Thoughts: After getting to know what occurred to Hayato and Shota, Sarasa, Ageha, Asagi and Nachi head to Kazuno to determine what grew to become of Hayato. That's certainly no longer a simple position to be, but when Sarasa can persuade them to best friend with her, they'd make a few relatively nice allies. I do not understand if the folks of Kazuno wish that, though. Unfortunately, they prove throwing Sarasa, Ageha and Asagi into prison, yet Nachi and Muratake are on their trail. The felony is not a simple position to be, specially with Sarasa being the single woman, although correct now, she's nonetheless passing Basara 11 (Basara #11) as a boy. With a view to retain her safe, Ageha shall we himself be used. Sarasa feels bad approximately it, yet Ageha believes it would not harm to have many of the Basara 11 (Basara #11) prisoners on their side. Meanwhile, Shuri is operating to take his urban again and meets with a person that he believes can assist him. That assembly has proven simply how a lot he is grown. That point in Okinawa used to be reliable for him. I feel loving Sarasa has been stable for him, too. I simply want he did not suppose the necessity to be a dictator. He did inform Yuna that he desires to make Sarasa happy, so he believes that's love. Mostly, he simply desires what he wishes and what he desires is Sarasa. Again within the prison, issues aren't having a look so strong for Sarasa. An individual simply attempted to strangle her, yet why? She's been found, yet what's going to take place to her now?
