## Bleach #19: The Black Moon Rising (Bleach #19)

Tite Kubo

Ichigo Kurosaki by no means requested for the power to determine ghosts, he was once born with the gift. whilst his family members is attacked by way of a hole (a malevolent misplaced soul) Ichigo turns into a Soul Reaper, dedicating his existence to preserving the blameless and assisting the tortured spirits themselves locate peace. discover why Tite Kubo's Bleach has turn into a world manga smash-hit!

Soi Fon and Yoruichi proceed to conflict it out, and we additionally examine in their past, (and primarily why Soi Fon hates her mentor's guts).It turns out that Ikkaku and Iba additionally began a conflict Bleach #19: The Black Moon Rising (Bleach #19) simply because they are either too lazy to wake up to get extra Sake, (but but they nonetheless have adequate strength to fight...). It was once lovely humorous how they did rock, paper, scissors first, yet after all in Bleach you would like each conflict to happen Bleach #19: The Black Moon Rising (Bleach #19) in each situation. 'Sigh'.Ichigo and Byakuya's conflict additionally heats up particularly a bit. They either are at their brink, which additionally finds their maximum potentials. Byakuya acknowledged whatever like: "I would not have you utilize my Bankai on you for one thousand years," after which like five mins later he used his Bankai. :/After the entire waiting, we eventually get to determine Ichigo's Bankai that he was once striving to achieve, and to be sincere I wasn't anticipating whatever just like the different Captains the place their swords develop into significant issues which are nearly alive. yet i used to be a bit surprised that his Bankai received SMALLER. it's very opposite. you would imagine his Shikai was once the smaller one, and his Bankai stands out as the large Zanpaku-tô. yet even supposing his Bankai is largely only a general Zanpaku-tô, he does have a superb virtue with such nice Bleach #19: The Black Moon Rising (Bleach #19) speed. most folk achieve severe strength, yet in view that Ichigo already has that he earnings severe Bleach #19: The Black Moon Rising (Bleach #19) speeds. :) yay!(Did an individual else detect his garments replaced together with his Bankai? He seems like he is from the Matrix!!)I dislike that the japanese model of this quantity had a piece of it in color, however the english one wasn't. So sad... So sad...I really like hole Ichigo, (that's what i am calling him cuz i suppose he does not have a name). it truly is like Ichigo has Schizophrenia, and his Bleach #19: The Black Moon Rising (Bleach #19) different character makes yes he lives (but is more or less crazy)!Ichigo is lots scarier notwithstanding whilst he... Isn't... Ichigo anymore... i do not understand how to explain it anymore. Byakuya turns out heavily surprised and a bit stressed at who the heck he was once struggling with (and what occurred to Ichigo). apparently the masks kinds on Ichigo's face as he's suppressed by means of this different person. might be he becomes a hollow, or is ate up by means of this different individual as soon as the masks is absolutely formed.XD Byakuya used to be simply completely stunned. i am stunned he did not ask for an explanation. He knew it wasn't Ichigo.His reasoning for eager to kill Rukia i assume used to be reasonable, yet but somewhat cruel. How Bleach #19: The Black Moon Rising (Bleach #19) Bleach #19: The Black Moon Rising (Bleach #19) might a person be SO chilly to their sibling? yet over again they don't seem to be quite siblings by way of blood...Does it ever clarify why Rukia was once taken in by means of the Kuchiki clan?This quantity Bleach #19: The Black Moon Rising (Bleach #19) ends with Tôshirô and

Matsumoto learning the complete council of forty six dead, led away by way of Izuru. He says that Momo has been following the 2 this complete time, and Tôshirô is going again to ensure she's safe. Leaving Izuru and Matsumoto at the verge of (another) battle, we see Momo thoroughly shocked, and completely harassed approximately who can have killed Aizen and the council of 46, who's then greeted through Gin from behind. Can't wait to discover extra approximately this [crazy] hole Ichigo, and who rather is the Soul Reaper murderer!!
