# Consequences by Penelope Lively

Penelope Lively

The Booker Prize-winning author's sweeping saga of 3 generations of girls – One of the main entire writers of fiction of our day? (The Washington put up ) follows the lives and loves of 3 women – Lorna, Molly, and Ruth – from global struggle Consequences II?era London to the shut of the century. informed in Lively's incomparable prose, this can be a strong tale of growth, death, and renewal, in addition to a penetrating examine how the key and minor occasions of the Consequences 20th century replaced lives. through chronicling the alternatives and outcomes that contain one family's history, energetic deals an intimate and profound reaffirmation of the strength of connection among generations.

Consequences: anything Logical or obviously That Follows, 28 Jul 2007 4.5 stars

"Consequences: anything that logically or certainly follows from an motion or condition. The relation of a end result to its cause. A logical end or inference." Dictionarily.com "The girls are buffeted by way of occasions yet don't break. the results come from their refusal to conform; which usually results in happiness." Ruaridh Consequences Nicoll. Penelope vigorous manages to inform a narrative of 3 generations of women, from the early 1930's to the present. The e-book is often emotionally full. Consequences there is not anything stingy in Consequences Lively's language. every one sentence provides the texture of conveying the tale and feelings of the moment; it really is describing with out being fussed over. The combining of non-public lifestyles and old occasions is a well-known point of Penelope Lively's fiction In

"Consequences," the most important encounters ensue by means of sheer chance. This newest tale starts off in 1935, with an unsatisfied wealthy girl, Lorna, sitting weeping on a bench Consequences in St James's Park. Nearby, a tender man, Matt, sketches the ducks. "Their unintended assembly will later be defined because the establishing of a video game of consequences, from which flows a long, wealthy narrative." Lively's tales of the adventure of affection within the lives of 3 generations of ladies in a single family members permits her to discover the altering sceneries of English society and the function of women. Lorna and Matt and their child, Molly. Molly develops right into a a stunning younger lady and has a child, at her wish, out of wedlock. afterward Molly mnarres and her lifestyles starts again. Ruth. the daughter incorporates at the culture of independence and marries, has youngsters and the common effects follow. 'Consequences' has an excellent consider and tale lines. For me, it falls wanting constructing the characters in depth. the tale jumps from one decade to the following with little preparation. The prose is elegant, the plotting meticulous yet unobtrusive. many of the male characters are sketchy however the 3 ladies - in lots of ways, one lady noticeable at various instances - are sensitively portrayed. Her characters' stories "are stashed away now, like reels of film, to be replayed at will." And Penelope full of life not just replays these memories, but in addition exhibits the invisible connections among her characters. effects jogs my memory of novels i've got enjoyed by way of the likes of the yank author Jim Harrison, with their trust that individuals are, at the whole, strong and their struggle, noble. Consequences Harrison's tales have been of hardened males struggling with for lifestyles at the plains of America, whereas Penelope energetic units her scene within the literary fairs of the English lands. "And "Consequences," regardless of its shadows, can also be a joyous ever-widening dance. At its

heart shimmers the belief of resiliency, of the continuity of humankind as embodied in a single family, shattered and reconstituted, fragile, stubborn, enduring." Nancy Kline I usually communicate of a singular that affected me as a journey. Penelope Lively's 'Consequence' is a go back for me of the Consequences storyline that brings me nice satisfaction. Her prose and her sort deliver me to a brand new position every one read. a conventional novel that equates nice like to nice happiness. hugely Recommended. prisrob 07-11-07
