From Sword to Shield: The Transformation of the Corporate Income Tax, 1861 to Present

Steven A. Bank

The United States company source of revenue tax - and particularly the double taxation of company source of revenue - has lengthily been the most criticized and stubbornly continual points of the federal profit system. In *From Sword to Shield: The Transformation of the Corporate Income Tax, 1861 to Present* contrast to in such a lot different industrialized countries, company source of revenue is taxed twice, first on the entity point and back on the shareholder point whilst allotted as a *From Sword to Shield: The Transformation of the Corporate Income Tax, 1861 to Present* dividend. The traditional knowledge has been that this double taxation was once a part of the system's unique layout over a century in the past and has survived regardless of withering competition from company *From Sword to Shield: The Transformation of the Corporate Income Tax, 1861 to Present* interests. In either cases, background tells one other tale. Double taxation as we *From Sword to Shield: The Transformation of the Corporate Income Tax, 1861 to Present* all know it this day didn't seem till a number of a long time *From Sword to Shield: The Transformation of the Corporate Income Tax, 1861 to Present* after the company source of revenue tax was once first adopted. Moreover, it was once embraced via company representatives on the outset *From Sword to Shield: The Transformation of the Corporate Income Tax, 1861 to Present* and in next years companies were way more ambivalent approximately its life than is popularly assumed. *From Sword to Shield: The Transformation of the company source of revenue Tax, 1861 to offer* is the 1st ancient account of the evolution of the company source of revenue tax in America. Professor Steven A. financial institution explains the origins of company source of revenue tax and the political, economic, and social forces that remodeled it from a sword opposed to evasion of the person source of revenue tax to a safeguard opposed to govt and shareholder interference with the administration of company funds.

Steven A. Bank, JD'94 Author *From our pages* (Nov–Dec/10): "Bank has written largely on enterprise taxation's background within the USA and different countries. His booklet explores the evolution of company source of revenue tax in the United States and the way it shifted from a sword opposed to person tax evasion to a safeguard opposed to govt and shareholder interference."
