according to a true facts, this booklet tells the tale of someone lacking for years and lately present in a psychological establishment whose portrait was once famous by means of girls as their husband. This affair divided Spanish humans in fans of 1 facet or another.

Me encontré con esta pequeña novela revisando una hermosa librería de libros usados en Avenida de Mayo (no recuerdo l. a. altura ahora). Me encanta cuando un libro se me impone así, casi por el azar. Un libro que ni siquiera conocía, que no buscaba, pero que sin embargo aparece con una atracción magnética (y seamos sinceros, con una precio que roza los angeles ganga), suspendiendo todos mis planes y construcciones de lectura para crear su propio espacio. Primer libro que leo de Vila-Matas. Muy bueno. Le daría 3.5/5. Se lee en una sentada si tenés tiempo, o en three o four si andás mas interrumpido (como fue mi caso).
