Geen telefoon. Geen elektriciteit. Voor de deur een enorme berg sneeuw. Ingesneeuwd zitten met je familie: niet prettig. En dat tijdens kerst! De familie Thorne komt met kerst altijd bij elkaar in een huis op een van de idyllische eilandjes bij Cornwell. Die feestdagen komen ze altijd door met een hoop gedoe en gekibbel, en dat is dit jaar niet anders. Bovendien zijn er de nodige liefdesintriges om het allemaal nog ingewikkelder te maken. Maar dan barst de ergste sneeuwstorm los die Engeland in tweehonderdvijftig jaar heeft meegemaakt. De temperatuur daalt, de wind jaagt om het huis, en er valt sneeuw. Heel veel sneeuw. In dit afgelegen oord doet de mobiele telefoon het sowieso al niet, dus de Thornes kunnen niets anders doen dan wachten tot het gaat dooiën. Liefde op het tweede gezicht is een meeslepend, intens en onverbeterlijk optimistisch verhaal over familieleden die elkaar door en door denken te kennen, maar die eigenlijk al lange tijd langs elkaar heen leven. Leer Liefde op het tweede gezicht deze kerst een familie kennen die je niet snel zult vergeten.

I bought this from the library simply because I had a obscure reminiscence of having fun with Come jointly and are available back seven years in the past or so. Then i began reading, and remembered that I by no means controlled to get via greater than 3 chapters of The Boy subsequent Door. i used to be very with regards to placing this one down after in regards Liefde op het tweede gezicht to the related volume of pages, yet I stored on going simply because I figured it needed to get better.It didn't. There are numerous characters during this story, and that i frequently like that. yet to make it paintings the writer need to understand how to prioritize. you cannot have fifteen characters and provides all of them an identical quantity of space. regrettably this can be what Lloyd and Rees are attempting to do, which results in the truth that the characters turn into cardboard cut-outs with one, very stereotypical trait each. there is the Bastard Husband, the yankee Wife, the Spoiled Daughter, the Hysterical Sister-In-Law, the Oblivious Brother-In-Law, the useless Child, the Naive Mistress, the Rugged neighborhood guy and the Lovestruck Teenage Boy. The POV shifts among some of them, however it does not support explaining their activities and motives. There are not any purposes for anything! and i'm thoroughly detached to all of them. i could not care much less what occurred to them. the single one beneficial of a bit sympathy is the ten-year-old boy, and that i frequently cannot stand little ones in books, in order that is an accomplishment, I guess. Read one chapter, bet the ending, and that i wager you would be right. it truly is probably the most predictable plots i have ever come across. But the main stressful factor approximately this ebook is that although it basically years old, it already feels dated. it's because of the numerous references to song and flicks that will were sizeable in 2005, yet are already regularly forgotten. Also, the simply as numerous makes use of of brand name names makes me believe as though i am analyzing a list and never a novel. I will not say that the 3 Day Rule is boring, yet it really is simply so pointless. Watch part an episode of any sunlight hours soap, and you will get pretty well an analogous experience, yet you will not waste as a Liefde op het tweede gezicht lot time.
