Pennsylvania Dutch hotel owner/amateur sleuth Magdalena Yoder reveals out that her moment cousin two times got rid of is really lactose illiberal while he is came upon useless in a tank of milk. but if she heads to Ohio for the funeral, she lands smack in the course of a warfare among strong cheesemakers--not to say gallons of difficulty and murder! HC: Dutton.

This sequence is starting to develop on me. I wasn't too enamored of the most personality (still do not count number her a favorite) while I borrowed the 1st PA Dutch mysteries from my neighborhood library, yet there has been a No Use Dying Over Spilled Milk (Pennsylvania Dutch Mystery #3) top quality approximately Magdalena close to the tip of the second one booklet that made me are looking to learn extra . . . one of those softening of her very difficult and sarcastic exterior. So, No Use Dying Over Spilled Milk (Pennsylvania Dutch Mystery #3) I looked at books #3 and #4 from my neighborhood library simply to see in the event that they might carry my interest. This novel, "No Use loss of life Over Spilled Milk", did. The major characters are goofy and particularly "over the top". Magdalena's sister and No Use Dying Over Spilled Milk (Pennsylvania Dutch Mystery #3) her buddy Danny during this novel jogged my memory of characters from a Jeeves (P. G. Wodehouse) story. Magdalena herself continues to be humorous in a cynical and sarcastic manner and, unfortunately, nonetheless doesn't own the main actual barometer the place human nature is concerned. The secret itself follows an identical formulation because the first 2 books within the series: Magdalena realizes demise (or two) used to be no longer a trifling accident, she starts off asking questions, suspects the incorrect person, and as a substitute trusts the assassin or associate thereby placing her lifestyles in danger. will probably No Use Dying Over Spilled Milk (Pennsylvania Dutch Mystery #3) be fascinating to work out if the formulation keeps within the 4th book. What's retaining me reading? it is the tale of Magdalena herself, greater than the particular mysteries. Now that she has fallen in love together with her neighbor, it kind of feels there'll be extra sparks within the tales forward and extra layers of Magdalena's character revealed. there is simply anything approximately this type of tricky cookie calling her man "Pooky Bear" that's unusually endearing.
