Luffy has made it to the tower the place Robin is being held captive, yet which will store her, he needs to first get previous the lethal murderer Rob Lucci. the remainder of the Straw Hats are busy struggling with their very own battles to discover the foremost that may unfastened Robin. Can the team locate the fitting key in time?!

as soon as again, i do not do studies of manga, simply notes of the place i am up to.- The fights warmth up, with so much of them concluding during this quantity (save Luffy vs. Lucci).- The fanservice Kalifa vs. Nami struggle continues, and we see weather-witch Nami kick the suds (hee) off her opponent. Franky will get to oggle a piece while he meets up with Nami after.- Chopper does loads of interrupting so far as fights go, and he even manages to knock a fountain right down to the place Sanji was once located. Which proved a very good factor for Sanji, who was once nonetheless incapacitated.- Nami and Franky eventually make their method to the place Zoro and Usopp are. Franky Coup de Vents Chopper to the ocean, and Nami frees the 2 sillyfaces from their hilarious debacle. Usopp has to fend himself opposed to Jabra whereas Zoro makes a beeline instantly to Kaku.- Jabra proves an excessive amount of for Usopp. yet thankfully, there is Sanji educating the wolf to not play together with his prey.- New ideas abound! Sanji's Flaming Foot ultimately comes One Piece, Volume 43: Legend of a Hero (One Piece #43) up, One Piece, Volume 43: Legend of a Hero (One Piece #43) the atheist Zoro calls upon the gods for his new mindblowingly loopy method opposed to Kaku. Obviously, either finally end up their struggle and seize their respective keys from the CP9 contributors (my wager the foremost they are trying to find is Kaku's...I suggest honestly, supply it to the most powerful CP9 member within the area, minus Lucci, duh).- Luffy and Lucci are nonetheless checking out the waters, with Luffy utilizing equipment moment for you to trap as much as Lucci's velocity and power. Franky manages to get prior Lucci with Luffy's help.- Usopp and Franky perform a little kick-butt key-sending all the way down to the Bridge of Hesitation. Spandam loses his shit whilst he realizes that each one CP9 participants keep Lucci have got beat up. And Sogeking sings his sniper tune One Piece, Volume 43: Legend of a Hero (One Piece #43) (which is astounding within the anime!).
