Pedagogy Is Politics: LITERARY THEORY AND CRITICAL TEACHING

Maria-Regina Kecht

The authors of those twelve provocative essays think the key function of schooling is to educate scholars how you can imagine critically. Teachers, they assert, may still permit scholars to learn the area as a textual content and hence should still inspire an inquisitive method of the realm round them, broadening the students' realizing of themselves and other, getting ready them to acknowledge dominant pursuits and socializing ideologies, and offering them with language to articulate serious findings.
