Prisoner of My Desire by Johanna Lindsey

Johanna Prisoner of My Desire Lindsey

it's a darkish time for Rowena Belleme. The amazing and lively girl needs to produce an heir, for failure to take action will incur the harmful wrath of a ruthless stepbrother who stands to forfeit his ill-gotten Prisoner of My Desire wealth. yet in all of Britain there's just one guy whom Rowena may have sire her child. His identify is Warrick deChaville, a powerful knight who possesses the strength, intelligence, and braveness -- in addition to the extreme attractiveness -- that Rowena may have handed directly to her son. yet Warrick is proud and stubborn, and he'll be no man's -- or woman's -- pawn. the woman needs to take drastic motion and so she has Prisoner of My Desire the noble warrior taken prisoner, aspiring to strength him to bend to her amorous will. Captive, chained, and seething with rage, Warrick vows he'll by no means surrender. however the lady's seductions are strong -- her sapphire eyes and lush, intoxicating good looks weaken his resolve, and it's the knight's personal virility that betrays him. but all of the whereas he's plotting a becoming and such a lot enjoyable revenge ... For Destiny's wheel is ceaselessly spinning, and Warrick is aware the time will necessarily come whilst the imprisoned turns into the captor, with the facility to make his sensual tormentor undergo as he did in beautiful ecstasy. yet neither he nor the woman Rowena anticipates the path the wheel will flip -- uniting intimate adversaries opposed to a dangerous universal enemy ... and becoming a member of brave hearts in passionate, unforeseen love.

(3.5 stars) woman Rowena is compelled via her lusting stepbrother Gilbert to marry the debauched and murderous previous geezer Lyons with a view to get pregnant and accordingly have a declare at Prisoner of My Desire the fart's houses and army. regrettably Lyons dies at the marriage ceremony evening earlier than whatever can take place and so Gilbert orders a replacement whacked over the top and taken to Rowena's mattress for stud purposes. Lyons physique could be hidden till Rowena's will get knocked up and all will cross as planned. however the disposable serf abducted to supply stud carrier is absolutely a knight and outdated enemy of Gilbert's. Oops. whilst roles reverse, and Warrick is the only on most sensible (literally), Rowena has to guard her identification from Warrick for the reason that he does not be aware of precisely who she is vis-à-vis his enemy Gilbert. ultimately they thaw out and accuse one another of this and that, and there is a considerable forged of secondary characters with their very own subplots. An HEA for everybody with redemption for the "bad guy" and a neat little bow on everything. The tale began with rather a lot of promise. the opposite Johanna Lindsey i would learn (A mild Feuding) was once lovely tame and boring, so the setup right here of getting the hero chained to the heroine's mattress for stud provider - and the inevitable like-for-like payback as soon as Warrick received the higher hand - used to be extra oomphy and fascinating than the endless bicker-and-bluster that was once Feuding. yet Lindsey shoots her wad early on and, as soon as Rowena's unshackled and loose to roam concerning the premises it Prisoner of My Desire turns into a stunning bland medieval. (Well, i assume that once beds and chains, whatever after that's lovely anticlimactic.) Contributing to the final "meh" consider was once the whole lot of Warrick's household. all people was once cut up into camps: the Prisoner of My Desire bitches and the great girls. within the former camp are Warrick's valid daughters from past better halves and his shunted-aside mistress, Celia, who obviously has it

out for Rowena from Day 1. the nice women are the good-natured spouse of the prepare dinner who has Rowena's back, and Emma, Warrick's illegitimate daughter by way of a serf. Emma turns into Rowena's Eliza Doolittle whilst Warrick makes a decision to marry her off to his friend's son. Rowena, pulling on her event overseeing her personal castle, transforms Warrick's stronghold within the seamless means that Prisoner of My Desire such a lot of romance heroines innately possess. whereas it used to be predictable, I do supply Lindsey issues for having Warrick's offspring be a bit varied. Onto the hero and heroine. i presumed Rowena was once a beautiful boring dishrag - so much of her wisdom approximately Warrick comes from being informed through her trusty maid Mildred. Warrick Prisoner of My Desire used to be extra interesting: he is a self-absorbed, revenge-filled sumbitch, and will not provide a lot credence to whatever until he thinks or Prisoner of My Desire sees it for himself. He has far to visit turn into a pleasant guy, and he reaches that time is a plausible way. The extra i feel approximately it, the extra i admire him. I comprehend I can not hassle myself over again tale and in its place specialise in the romance, however the first numerous pages of this booklet hit the reader over the top with a again tale Stick and was once tough to avoid. It used to be really a slog to get via it and check out to maintain all people immediately whilst I hadn't even gotten conversant in the characters. It used to be an inventory of names and castles and relationships and alliances and the broader political scene of Britain (Stephen vs. Maude). All this comes after the briefest of scene-setters as Rowena's mom is punched through her stepson Gilbert. So it had the texture of "OK, so this girl is getting crushed up, so let's let you know allll concerning the relatives and why they're the best way they are." Devil's Desire's beginning again tale unload was once much less exhausting to wade through. As a last carp, the discussion fast had a phony ren faire think to it, with multitudinous circumstances of "mayhap" and "verily." Neither was once in utilization on the time the tale is set, even if the single observe that was once in use ("forsooth") was once simply used once. The repetition was once visible and fast grew to become annoying, regularly as the tale itself wasn't attention-grabbing sufficient to distract me from it. Not a waste Prisoner of My Desire of time, yet there are likely greater medievales out there.
