Sex in Development: Science, Sexuality, and Morality in Global Perspective

Vincanne Adams

intercourse in improvement examines how improvement initiatives world wide meant to advertise inhabitants management, illness prevention, and Sex in Development: Science, Sexuality, and Morality in Global Perspective maternal and baby overall healthiness deliberately and by accident form rules approximately what constitutes “normal” sexual practices and Sex in Development: Science, Sexuality, and Morality in Global Perspective identities. From intercourse schooling in Uganda to aids prevention in India to kin making plans in Greece, a number of websites of improvement paintings with regards to sex, sexuality, and replica are tested within the rich, ethnographically grounded essays during this volume. those essays reveal that principles on the topic of morality are time and again enacted in ostensibly value-neutral efforts to place into perform a “global” time table reflecting the most recent clinical science. Sex in improvement combines the cultural research of sexuality, reviews of worldwide development, and technological know-how and know-how studies. no matter if contemplating the resistance encountered through representatives of an American pharmaceutical corporation trying to train Russian medical professionals a “value free” strategy to provide sufferers contraception or the strain among Tibetan Buddhist rules of fertility and the modernization schemes of the chinese language government, those essays convey that makes an attempt to make intercourse a common ethical item to be controlled and regulated depart a bunch of ethical ambiguities of their wake as they're engaged, resisted, and reinvented in several methods through the world. Contributors. Vincanne Adams, Leslie Butt, Lawrence Cohen, Heather Dell, Vinh-Kim Nguyen, Shanti Parikh, Heather Paxson, Stacy Leigh Pigg, Michele Rivkin-Fish
