

STEPHEN KING'S

THE DARK  
TOWER

A CONCORDANCE

ROBIN FURTH

ROBIN FURTH

FOREWORD BY STEPHEN KING

---

# Stephen King's "The Dark Tower": A Concordance, Volume 1 (Stephen King's The Dark Tower: A Concordance #1)

Robin Furth

"I discovered this evaluation of In-World, Mid-World, and End-World either wonderful and invaluable. So, i'm convinced, will you." -- from the foreword through Stephen King The darkish Tower is the spine of Stephen King's mythical career. encouraged greater than thirty years in the past by means of works as varied as J. R. R. Tolkien's epics, Robert Browning's poetry, and Sergio Leone's Westerns, this is often the story that Stephen King hasn't ever abandoned. whilst he typed the 1st sentence in 1970, King feared the telling could take numerous lifetimes, yet thousand pages and 4 books later, the top is in sight. released in anticipation of The darkish Tower V: Wolves of the Calla, A Concordance, quantity I is the definitive consultant to the 1st 4 books in Stephen King's bestselling epic myth series, The darkish Tower. With the loads of characters, Mid-World geography, and the excessive Speech lexicon, this accomplished instruction manual is one no darkish Tower fan probably want to be without. it's the ideal manner in for readers new to the series, or the right long ago in for longtime lovers who learn the 1st 4 books years ago. Characters and Genealogies Mid-World and Our global locations excessive Speech, Low Speech, and Mid-World Argot Mid-World Maps Political and Cultural References Roland Deschain and His Ka-tet Portals and Magical areas Mid-World Miscellany Gilead Fair-Days and Mid-World Moons The darkish Tower and the hunt

here's a stellar instance of precisely what sort of obsessive biblio-nerd i actually am. I picked up Concordance simply because i assumed it might be a convenient connection with have whereas I pastime to re-read all seven novels in Stephen King's darkish Tower cycle back-to-back, which i made a decision was once anything i wanted to do whilst I heard that an unforeseen 8th quantity within the sequence used to be popping out this month, which after all i'll be examining as well. the item is, as an individual who reads every little thing Stephen King publishes with high-slavish devotion, i am good acutely aware that the darkish Tower casts an extended shadow over King's whole physique of work. There are heavy references inside of to The Stand, and tricks at a unified cosmology with IT (which in flip may tangentially attach Stephen King's "The Dark Tower": A Concordance, Volume 1 (Stephen King's The Dark Tower: A Concordance #1) it to 11/22/63), after which within the pages of different works like Insomnia and occasional males in Yellow Coats there are connections besides ... and people are off the pinnacle of my head, i am definite there are lots of more. So what i used to be hoping for within the Concordance was once anything of an in depth roadmap of the saga in its entirety, in order that i'll decide up new tidbits i would have ignored and in addition reflash my reminiscence of the full sprawling epic with no need to learn one other ten or twenty novels searching for stray nods and tie-ins. But there is not anything like that during this book. might be there's in quantity 2, which offers with books five via 7 of the series, all written in a interval whilst King used to be getting much more meta with the entire venture and placing much more overt references in his non-Dark Tower works (meaning no longer branded at the backbone with the rose-and-keyhole motif, even though you'll most likely argue that each SK tale is a dismal Tower story). yet v.1 of Concordance is usually notes on characters, places, and occasions in Stephen King's "The Dark Tower": A Concordance, Volume 1 (Stephen King's The Dark Tower: A Concordance #1)

---

the first four darkish Tower novels, and Stephen King's "The Dark Tower": A Concordance, Volume 1 (Stephen King's The Dark Tower: A Concordance #1) because i am re-reading them besides it's kind of redundant. apart from issues - an creation through SK concerning the genesis of the total enterprise, and an essay of severe research via the study assistant who compiled Stephen King's "The Dark Tower": A Concordance, Volume 1 (Stephen King's The Dark Tower: A Concordance #1) some of these notes within the first place, Robin Furth. either are attention-grabbing sufficient to augment Stephen King's "The Dark Tower": A Concordance, Volume 1 (Stephen King's The Dark Tower: A Concordance #1) the event of returning to the area of Roland of Gilead, yet no longer precisely recommendation-worthy. Stephen King's "The Dark Tower": A Concordance, Volume 1 (Stephen King's The Dark Tower: A Concordance #1) If this wasn't adequate blathering in regards to the entire "gonna spend a number of months plowing via a chain that took like 22 years to get published" circulation on my part, i am in fact running a blog approximately it too: Parenthetical Asides
