Strategy Against Terror: Ancient Wisdom for Today's War

Gary Gagliardi

For 2,500 years, Sun Tzu's *The Art of War* has been the definitive resource instructing strategy. In this ebook Gary Gagliardi applies those undying ideas on to successful the battle on Terror.

Even supposing Sun Tzu's teachings can definitely be utilized to a large number of situations, as a result apparently Gagliardi is just piggybacking at the integrity of an historical vintage in an effort to extra his personal *Strategy Against Terror: Ancient Wisdom for Today's War* opinions, that are a ways much less pacifist than these of the unique author. For example, while Sun Tzu talks approximately utilizing fire as a weapon of war, he's neither relating or predicting the connection among international locations at struggle and the mass media, as Gagliardi could have it. Extra usually than not, there isn't any direct hyperlink among the verse quoted and the fashionable interpretation. Up to I admire historic knowledge to be utilized to fashionable problems, this can be a critical case of shoe-horning, and belittles the importance of the resource text.
