The Inner West by Jay Kinney

Jay Kinney

The founding father of the influential Gnosis journal collects essays by way of a few of cutting-edge best non secular writers to discover the West's magical and esoteric traditions. Rosicrucianism, Freemasonry, Gnosticism, The Inner West The Knights Templar . . . Even earlier than the luck of The Da Vinci Code, many readers knew of those and different features of Western esoterica. yet few comprehend their actual meaning. within the internal West, greater than twenty essays through seventeen prime authors shine a gentle on the most mysterious and heavily held features of the Western tradition. Its authors carry to existence the symbolist and occult philosophies that populate the historical past and ideology of the Western way. those similar philosophies-which contain variations of Christian and Jewish mysticism, and the lessons of figures like Rudolf Steiner and G. I. Gurdjieff-can current a deep and diversified non secular course for trendy seekers. non secular seekers The Inner West have usually regarded to the East for concept and guidance. but expanding numbers of individuals are getting to know that many beneficial knowledge traditions have existed here within the West. With the Kabbalah and Tarot playing cards extra renowned than ever, and replacement spirituality from Wicca to Sufism gaining a brand new audience, the internal West is a well timed publication for this increasing viewers

this can be a welcome addition to any newbie The Inner West esoteric library. Kinney acts as editor bringing jointly essentially the most famous authors at the origins, spiritual counterparts, thinkers and practices of Western Esotericism. If one have The Inner West been to learn just one publication at the esoteric tradition, this one may be heavily considered.

The Inner West
