# The Little Book of Ketamine by Kit Kelly

Kit Kelly

Used all over the world as either an anesthetic and a leisure psychedelic drug, ketamine has lately attracted the eye of scientific researchers, legislations enforcement officers, and other people drawn to exploring replacement spirituality and consciousness. The booklet describes the drug's history, its use within the underground get together scene, and its sought-after results in addition to its hazards and the way to minimize them.

This booklet is far too brief. I mean, yeah it does provide the normal details had to learn about the drug, yet on The Little Book of Ketamine the similar time, it'd be cool to examine people's event with K.

## The Little Book Of Ketamine
